This matter comes before the Public Service Commission of South Carolina (the Commission) on the July 21, 1996 formal complaint of Walter Gnann, President of Internet Services of the Low Country, LLC. The complaint concerns language in an interpretation of the United Telephone Company of the Carolinas' (Sprints') General Subscriber Services Tariff, as it pertains to the Advance Business Connection Service. Mr. Gnann is not satisfied with the Company's response to his complaint, and therefore, requests a hearing in order to air his views to the Commission.

We have examined this matter and have determined that we will grant the request for a hearing to be set at such time as may be appropriate by Staff.
